Council On Libraries - Guiding Principles

In advising the Delaware Division of Libraries and carrying out their functions are:

- Ensure state-of-the-art library facilities and services
- Establish and implement overarching policies and guidelines and protect Intellectual Freedom
- Represent and anticipate the needs of the public
- Assure parity in representation among libraries across the state
 - Safeguard nonpartisan equity in support for libraries
 - Provide a Forum where libraries throughout the state have a common ground and equal voice to address concerns and ensure excellence in library service statewide
 - Act as arbitrator and adjudicate decisions that cannot be resolved in other levels

Delaware School Libraries Master Plan

Quality School Libraries = Higher Student Achievement

August 2016

Written by

Bill Wilson, Himmel and Wilson, Library Consultants
Christopher Kelly, Institute for Public Administration
Kelly Sherretz, Institute for Public Administration

With research assistance from

Public Administration Fellows Heather Brody, Nicholas Brock,
Annie Gould, Anna Keleher, Emma Odren, and Rachel Pleet

With contributions from

Ed Free, Institute for Public Administration

Prepared by the

Institute for Public Administration
University of Delaware

Prepared for the

Delaware School Libraries Council

Funded by the

Delaware Department of State
Division of Libraries

Recommendations

■ Staffing

- Require a school library, a certified librarian, and an appropriate level of support staff in every school.
- Seek funding for and implement a pilot project in nine schools to determine the impact that quality school libraries have on student learning outcomes.

■ Content and Access

- Expand student access to “e-content.”
- Expand the Delaware Library Consortium to include all school libraries.

■ Governance and Infrastructure

- Establish specific governance responsibilities for the coordination and oversight of school libraries.
- Examine and address systemic issues that inhibit the development of high-quality school library programs.
- Leverage Every Student Succeeds Act (ESSA) funding to strengthen school libraries.
- Implement flexible scheduling for school libraries.

■ Assessment and Accountability

- Design and implement an ongoing program of data collection, management, and assessment for school libraries.
- Create a Delaware School-Library Quality Index to facilitate the tracking of student performance and investment in school library services.
