HOUSE OF REPRESENTATIVES
152nd GENERAL ASSEMBLY

HOUSE BILL NO. 154

AN ACT TO AMEND TITLE 6 OF THE DELAWARE CODE RELATING TO PERSONAL DATA PRIVACY AND CONSUMER PROTECTION.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF DELAWARE:

1 Section 1. Amend Title 6 of the Delaware Code by making deletions as shown by strike through and insertions as

2 shown by underline as follows:

3 Chapter 12D. Delaware Personal Data Privacy Act.

4 § 12D-101. Short title.

5 This chapter shall be known and may be cited as the "Delaware Personal Data Privacy Act."

6 § 12D-102. Definitions.

7 For purposes of this chapter, the following definitions shall apply:

8 (1) "Affiliate" means a legal entity that shares common branding with another legal entity or controls, is

9 controlled by, or is under common control with another legal entity. For the purposes of this paragraph, "control" or

10 "controlled" means any of the following:

11 a. Ownership of, or the power to vote, more than 50% of the outstanding shares of any class of voting

12 security of a legal entity.

13 b. Control in any manner over the election of a majority of the directors or of individuals exercising

14 similar functions.

15 c. The power to exercise controlling influence over the management of a legal entity.

16 (2) "Authenticate" means to use reasonable means to determine that a request to exercise any of the rights

17 afforded under paragraphs (1) to (4), inclusive, of subsection (a) of § 12D-104 of this chapter is being made by, or on

18 behalf of, the consumer who is entitled to exercise such consumer rights with respect to the personal data at issue.

19   (3) "Biometric data" means data generated by automatic measurements of an individual's unique biological

20   characteristics, such as a fingerprint, a voiceprint, eye retinas, irises, or other unique biological patterns or

21   characteristics that can be used to identify a specific individual. "Biometric data" does not include any of the

22   following:

23   a. A digital or physical photograph.

24   b. An audio or video recording.

25   c. Any data generated from a digital or physical photograph, or an audio or video recording, unless such

26   data is generated to identify a specific individual.

27   (4) "Business associate" means as defined in HIPAA.

28   (5) "Child" means as defined in COPPA.

29   (6) "Child abuse" means, with respect to an individual under 18 years of age, as defined in § 901(a) of Title

30   10, or any equivalent provision in the laws of any other state, the United States, any territory, district, or subdivision of

31   the United States, or any foreign jurisdiction.

32   (7) "Consent" means a clear affirmative act signifying a consumer's freely given, specific, informed and

33   unambiguous agreement to allow the processing of personal data relating to the consumer. "Consent" may include a

34   written statement, including by electronic means, or any other unambiguous affirmative action. "Consent" does not

35   include any of the following:

36   a. Acceptance of a general or broad terms of use or similar document that contains descriptions of

37   personal data processing along with other, unrelated information.

38   b. Hovering over, muting, pausing, or closing a given piece of content.

39   c. Agreement obtained through the use of dark patterns.

40   (8) "Consumer" means an individual who is a resident of this State. "Consumer" does not include an

41   individual acting in a commercial or employment context or as an employee, owner, director, officer, or contractor of a

42   company, partnership, sole proprietorship, nonprofit organization, or government agency whose communications or

43   transactions with the controller occur solely within the context of that individual's role with the company, partnership,

44   sole proprietorship, nonprofit organization, or government agency.

45   (9) "Controller" means a person that, alone or jointly with others, determines the purpose and means of

46   processing personal data.

47   (10) "COPPA" means the Children's Online Privacy Protection Act of 1998, 15 U.S.C. § 6501, et seq., and

48   the regulations, rules, guidance, and exemptions adopted pursuant to said act, as said act and such regulations, rules,

49   guidance, and exemptions may be amended.

50   (11) "Covered entity" means as defined in HIPAA.

51   (12) "Dark pattern" means any of the following:

52   a. A user interface designed or manipulated with the substantial effect of subverting or impairing user

53   autonomy, decision-making, or choice.

54   b. Any other practice the Federal Trade Commission refers to as a dark pattern.

55   (13) "Decisions that produce legal or similarly significant effects concerning the consumer" means decisions

56   made by the controller that result in the provision or denial by the controller of financial or lending services, housing,

57   insurance, education enrollment or opportunity, criminal justice, employment opportunities, health care services, or

58   access to essential goods or services.

59   (14) "De-identified data" means data that cannot reasonably be used to infer information about, or otherwise

60   be linked to, an identified or identifiable individual, or a device linked to such individual, if the controller that

61   possesses such data does all of the following:

62   a. Takes reasonable measures to ensure that such data cannot be associated with an individual.

63   b. Publicly commits to process such data only in a de-identified fashion and not attempt to re-identify

64   such data.

65   c. Contractually obligates any recipients of such data to comply with all of the provisions of this chapter

66   applicable to the controller with respect to such data.

67   (15) "Domestic violence" means as defined in § 1041 of Title 10, or any equivalent provision in the laws of

68   any other state, the United States, any territory, district, or subdivision of the United States, or any foreign jurisdiction.

69   (16) "Genetic data" means any data, regardless of its format, that results from the analysis of a biological

70   sample of an individual, or from another source enabling equivalent information to be obtained, and concerns genetic

71   material. For purposes of this paragraph, "genetic material" includes deoxyribonucleic acids (DNA), ribonucleic acids

72   (RNA), genes, chromosomes, alleles, genomes, alterations or modifications to DNA or RNA, single nucleotide

73   polymorphisms (SNPs), uninterpreted data that results from analysis of the biological sample or other source, and any

74   information extrapolated, derived, or inferred therefrom.

75   (17) "HIPAA" means the Health Insurance Portability and Accountability Act of 1996, 42 U.S.C. § 1320d, et

76   seq., as amended.

77   (18) "Human trafficking" means the offense defined in § 787 of Title 11, or any equivalent provision in the

78   laws of any other state, the United States, any territory, district, or subdivision of the United States, or any foreign

79   jurisdiction.

80   (19) "Identified or identifiable individual" means an individual who can be readily identified, directly or

81   indirectly.

82   (20) "Nonprofit organization" means any organization that is exempt from taxation under §§ 501(c)(3),

83   501(c)(4), 501(c)(6) or 501(c)(12) of the Internal Revenue Code of 1986, or any subsequent corresponding internal

84   revenue code of the United States, as amended.

85   (21) "Personal data" means any information that is linked or reasonably linkable to an identified or

86   identifiable individual, and does not include de-identified data or publicly available information.

87   (22) "Precise geolocation data" means information derived from technology, including global positioning

88   system level latitude and longitude coordinates or other mechanisms, that directly identifies the specific location of an

89   individual with precision and accuracy within a radius of 1,750 feet. "Precise geolocation data" does not include the

90   content of communications or any data generated by or connected to advanced utility metering infrastructure systems

91   or equipment for use by a utility.

92   (23) "Process" or "processing" means any operation or set of operations performed, whether by manual or

93   automated means, on personal data or on sets of personal data, such as the collection, use, storage, disclosure, analysis,

94   deletion, or modification of personal data.

95   (24) "Processor" means a person that processes personal data on behalf of a controller.

96   (25) "Profiling" means any form of automated processing performed on personal data to evaluate, analyze, or

97   predict personal aspects related to an identified or identifiable individual's economic situation, health, demographic

98   characteristics, personal preferences, interests, reliability, behavior, location, or movements.

99   (26) "Protected health information" means as defined in HIPAA.

100   (27) "Pseudonymous data" means personal data that cannot be attributed to a specific individual without the

101   use of additional information, provided such additional information is kept separately and is subject to appropriate

102   technical and organizational measures to ensure that the personal data is not attributed to an identified or identifiable

103   individual.

104   (28) "Publicly available information" means information that is lawfully made readily available to the general

105   public through federal, state, or local government records or widely distributed media, and a controller has a reasonable

106   basis to believe a consumer has lawfully made available to the general public.

107   (29) "Sale of personal data" means the exchange or transfer of personal data for monetary or other valuable

108 consideration by the controller to a third party. "Sale of personal data" does not include any of the following:

109   a. The disclosure of personal data to a processor that processes the personal data on behalf of the

110 controller where limited to the purpose of such processing.

111   b. The disclosure of personal data to a third party for purposes of providing a product or service

112 affirmatively requested by the consumer.

113   c. The disclosure or transfer of personal data to an affiliate of the controller.

114   d. The disclosure of personal data where the consumer directs the controller to disclose the personal data

115 or intentionally uses the controller to interact with a third party.

116   e. The disclosure of personal data that the consumer intentionally made available to the general public via

117 a channel of mass media, and did not restrict to a specific audience.

118   f. The disclosure or transfer of personal data to a third party as an asset that is part of a merger,

119 acquisition, bankruptcy, or other similar transaction in which the third party assumes control of all or part of the

120 controller's assets, or a proposed merger, acquisition, bankruptcy, or other similar transaction in which the third

121 party assumes control of all or part of the controller's assets.

122   (30) "Sensitive data" means personal data that includes any of the following:

123   a. Data revealing racial or ethnic origin, religious beliefs, mental or physical health condition or diagnosis

124 (including pregnancy), sex life, sexual orientation, status as transgender or nonbinary, national origin, citizenship

125 status, or immigration status.

126   b. Genetic or biometric data.

127   c. Personal data of a known child.

128   d. Precise geolocation data.

129   (31) "Sexual assault" means any of the offenses defined in §§ 768–780 and § 787 of Title 11, or any

130 equivalent provision in the laws of any other state, the United States, any territory, district, or subdivision of the United

131 States, or any foreign jurisdiction.

132   (32) "Stalking" means the offense defined in § 1312 of Title 11, or any equivalent provision in the laws of any

133 other state, the United States, any territory, district, or subdivision of the United States, or any foreign jurisdiction.

134   (33) "Targeted advertising" means displaying advertisements to a consumer where the advertisement is

135 selected based on personal data obtained or inferred from that consumer's activities over time and across nonaffiliated

136   Internet web sites or online applications to predict such consumer's preferences or interests. "Targeted advertising"

137   does not include any of the following:

138   a. Advertisements based on activities within a controller's own Internet web sites or online applications.

139   b. Advertisements based on the context of a consumer's current search query, visit to an Internet web site,

140   or online application.

141   c. Advertisements directed to a consumer in direct response to the consumer's request for information or

142   feedback.

143   d. Processing personal data solely to measure or report advertising frequency, performance, or reach.

144   (34) "Third party" means, with respect to personal data controlled by a controller, any person other than the

145   relevant consumer, the controller of such personal data, or a processor or an affiliate of the processor or the controller.

146   (35) "Trade secret" means as defined in § 2001(4) of Chapter 20 of this title.

147   (36) "Violent felony" means as defined in § 4201 of Title 11 and includes any equivalent provision in the laws

148   of any other state, the United States, and territory, district, or subdivision of the United States, or any foreign

149   jurisdiction.

150   § 12D-103. Applicability of chapter.

151   (a) This chapter applies to persons that conduct business in the State or persons that produce products or services

152   that are targeted to residents of the State and that during the preceding calendar year did any of the following:

153   (1) Controlled or processed the personal data of not less than 35,000 consumers, excluding personal data

154   controlled or processed solely for the purpose of completing a payment transaction.

155   (2) Controlled or processed the personal data of not less than 10,000 consumers and derived more than 20

156   percent of their gross revenue from the sale of personal data.

157   (b) This chapter does not apply to any of the following entities:

158   (1) Any regulatory, administrative, advisory, executive, appointive, legislative, or judicial body of the State or

159   a political subdivision of the State, including any board, bureau, commission, agency of the State or a political

160   subdivision of the State, but excluding any institution of higher education.

161   (2) Any financial institution or affiliate of a financial institution, all as defined in 15 U.S.C. 6809, to the extent

162   that the financial institution or affiliate is subject to Title V of the Gramm Leach Bliley Act (15 U.S.C. § 6801, et seq.,

163   as amended) and the rules and implementing regulations promulgated thereunder.

164   (c) This chapter does not apply to the following information and data:

165   (1) Protected health information under HIPAA.

166　　　　　(2) Patient-identifying information for purposes of 42 U.S.C. § 290dd-2.

167　　　　　(3) Identifiable private information, as defined in 45 CFR § 46.102, to the extent that it is used for purposes of

168　the federal policy for the protection of human subjects pursuant to 45 C.F.R. 46.

169　　　　　(4) Identifiable private information to the extent it is collected and used as part of human subjects research

170　pursuant to the ICH E6 Good Clinical Practice Guideline issued by the International Council for Harmonisation of

171　Technical Requirements for Pharmaceuticals for Human Use or the protection of human subjects under 21 CFR 50 and

172　56.

173　　　　　(5) Patient safety work product, as defined in 42 CFR 3.20, that is created and used for purposes of patient

174　safety improvement pursuant to 42 C.F.R. 3, established pursuant to 42 U.S.C. §§ 299b–21 to 299b–26.

175　　　　　(6) Information to the extent it is used for public health, community health, or population health activities and

176　purposes, as authorized by HIPAA, when provided by or to a Covered Entity or when provided by or to a Business

177　Associate pursuant to a Business Associate Agreement with a Covered Entity.

178　　　　　(7) The collection, maintenance, disclosure, sale, communication, or use of any personal information bearing

179　on a consumer's credit worthiness, credit standing, credit capacity, character, general reputation, personal

180　characteristics, or mode of living by a consumer reporting agency, furnisher, or user that provides information for use

181　in a consumer report, and by a user of a consumer report, but only to the extent that such activity is regulated by and

182　authorized under the federal Fair Credit Reporting Act (15 U.S.C. § 1681, et seq., as amended).

183　　　　　(8) Personal data collected, processed, sold, or disclosed in compliance with the Driver's Privacy Protection

184　Act of 1994, 18 U.S.C. § 2721, et seq., as amended.

185　　　　　(9) Personal data regulated by the Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g, et seq., as

186　amended.

187　　　　　(10) Personal data collected, processed, sold, or disclosed in compliance with the Farm Credit Act, 12 U.S.C.

188　§ 2001, et seq., as amended.

189　　　　　(11) Data processed or maintained in any of the following ways:

190　　　　　　a. In the course of an individual applying to, employed by, or acting as an agent or independent contractor

191　of a controller, processor, or third party, to the extent that the data is collected and used within the context of that

192　role.

193　　　　　　b. As the emergency contact information of an individual, used for emergency contact purposes.

194   c. Necessary to retain to administer benefits for another individual relating to the individual who is the

195   subject of the information under paragraph (11)a. of this subsection and used for the purposes of administering

196   such benefits.

197   (12) Personal data collected, processed, sold, or disclosed in relation to price, route, or service, as such terms

198   are used in the Airline Deregulation Act, 49 U.S.C. § 40101, et seq., as amended, by an air carrier subject to said act, to

199   the extent any part of this chapter is preempted by the Airline Deregulation Act, 49 U.S.C. § 41713, as amended.

200   (13) Personal data of a victim of or witness to child abuse, domestic violence, human trafficking, sexual

201   assault, violent felony, or stalking that is collected, processed, or maintained by a nonprofit organization that provides

202   services to victims of or witnesses to child abuse, domestic violence, human trafficking, sexual assault, violent felony,

203   or stalking.

204   (d) Controllers and processors that comply with the verifiable parental consent requirements of COPPA shall be

205   deemed compliant with any obligation to obtain parental consent set forth in this chapter with respect to a consumer who is

206   a child.

207   § 12D-104. Consumer personal data rights.

208   (a) A consumer has the right to do all of the following:

209   (1) Confirm whether a controller is processing the consumer's personal data and access such personal data,

210   unless such confirmation or access would require the controller to reveal a trade secret.

211   (2) Correct inaccuracies in the consumer's personal data, taking into account the nature of the personal data

212   and the purposes of the processing of the consumer's personal data.

213   (3) Delete personal data provided by, or obtained about, the consumer.

214   (4) Obtain a copy of the consumer's personal data processed by the controller, in a portable and, to the extent

215   technically feasible, readily usable format that allows the consumer to transmit the data to another controller without

216   hindrance, where the processing is carried out by automated means, provided such controller shall not be required to

217   reveal any trade secret.

218   (5) Obtain a list of the specific third parties to which the controller has disclosed the consumer's personal

219   data. If the controller does not maintain this information in a format specific to the consumer, a list of specific third

220   parties to whom the controller has disclosed any consumers' personal data may be provided instead.

221   (6) Opt out of the processing of the personal data for purposes of any of the following:

222   a. Targeted advertising.

223   b. The sale of personal data, except as provided in subsection (b) of § 12D-106 of this chapter.

224   c. Profiling in furtherance of solely automated decisions that produce legal or similarly significant effects

225   concerning the consumer.

226   (b) A consumer may exercise rights under this section by a secure and reliable means established by the controller

227   and described to the consumer in the controller's privacy notice. A consumer may designate an authorized agent in

228   accordance with § 12D-105 of this chapter to exercise the rights of such consumer to opt out of the processing of such

229   consumer's personal data for purposes of paragraph (a)(5) of this section on behalf of the consumer. In the case of

230   processing personal data of a known child, the parent or legal guardian may exercise such consumer rights on the child's

231   behalf. In the case of processing personal data concerning a consumer subject to a guardianship, conservatorship or other

232   protective arrangement, the guardian or the conservator of the consumer may exercise such rights on the consumer's behalf.

233   (c) Except as otherwise provided in this chapter, a controller shall comply with a request by a consumer to exercise

234   the consumer rights authorized pursuant to said sections as follows:

235   (1) A controller shall respond to the consumer without undue delay, but not later than 45 days after receipt of

236   the request. The controller may extend the response period by 45 additional days when reasonably necessary,

237   considering the complexity and number of the consumer's requests, provided the controller informs the consumer of

238   any such extension within the initial 45-day response period and of the reason for the extension.

239   (2) If a controller declines to take action regarding the consumer's request, the controller shall inform the

240   consumer without undue delay, but not later than 45 days after receipt of the request, of the justification for declining

241   to take action and instructions for how to appeal the decision.

242   (3) Information provided in response to a consumer request shall be provided by a controller, free of charge,

243   once per consumer during any 12-month period. If requests from a consumer are manifestly unfounded, excessive or

244   repetitive, the controller may charge the consumer a reasonable fee to cover the administrative costs of complying with

245   the request or decline to act on the request. The controller bears the burden of demonstrating the manifestly unfounded,

246   excessive or repetitive nature of the request.

247   (4) If a controller is unable to authenticate a request to exercise any of the rights afforded under paragraphs (1)

248   through (5), inclusive, of subsection (a) of this section using commercially reasonable efforts, the controller shall not

249   be required to comply with a request to initiate an action pursuant to this section and shall provide notice to the

250   consumer that the controller is unable to authenticate the request to exercise such right or rights until such consumer

251   provides additional information reasonably necessary to authenticate such consumer and such consumer's request to

252   exercise such right or rights. A controller shall not be required to authenticate an opt-out request, but a controller may

253   deny an opt-out request if the controller has a good faith, reasonable, and documented belief that such request is

254   fraudulent. If a controller denies an opt-out request because the controller believes such request is fraudulent, the

255   controller shall send a notice to the person who made such request disclosing that such controller believes such request

256   is fraudulent, why such controller believes such request is fraudulent, and that such controller shall not comply with

257   such request.

258   (5) A controller that has obtained personal data about a consumer from a source other than the consumer shall

259   be deemed in compliance with a consumer's request to delete such data pursuant to paragraph (3) of subsection (a) of

260   this section if the controller retains a record of the deletion request and the minimum data necessary for the purpose of

261   ensuring the consumer's personal data remains deleted from the controller's records and does not use such retained

262   data for any other purpose.

263   (d) A controller shall establish a process for a consumer to appeal the controller's refusal to take action on a

264   request within a reasonable period of time after the consumer's receipt of the decision. The appeal process shall be

265   conspicuously available and similar to the process for submitting requests to initiate action pursuant to this section. Not

266   later than 60 days after receipt of an appeal, a controller shall inform the consumer in writing of any action taken or not

267   taken in response to the appeal, including a written explanation of the reasons for the decisions. If the appeal is denied, the

268   controller shall also provide the consumer with an online mechanism, if available, or other method through which the

269   consumer may contact the Department of Justice to submit a complaint.

270   § 12D-105. Designation of agent to exercise rights of consumer, including through universal opt-out mechanisms.

271   (a) A consumer may designate an authorized agent to act on the consumer's behalf to opt out of the processing of

272   such consumer's personal data for one or more of the purposes specified in paragraph (a)(5) of § 12D-104 of this chapter.

273   The consumer may designate such authorized agent by way of, among other things, a platform, technology, or mechanism,

274   including an Internet link or a browser setting, browser extension, or global device setting, indicating such consumer's

275   intent to opt out of such processing. For the purposes of such designation, the platform, technology, or mechanism may

276   function as the agent for purposes of conveying the consumer's decision to opt-out.

277   (b) A controller shall comply with an opt-out request received from an authorized agent if the controller is able to

278   verify, with commercially reasonable effort, the identity of the consumer and the authorized agent's authority to act on such

279   consumer's behalf. The Department of Justice may publish or reference on its website a list of agents who presumptively

280   shall have such authority unless the controller has established a reasonable basis to conclude that the agent lacks such

281   authority.

282   § 12D-106. Duties of controllers.

283   (a) A controller shall do all of the following:

284   (1) Limit the collection of personal data to what is adequate, relevant, and reasonably necessary in relation to

285 the purposes for which such data is processed, as disclosed to the consumer.

286   (2) Except as otherwise permitted by this chapter, not process personal data for purposes that are neither

287 reasonably necessary to, nor compatible with, the disclosed purposes for which such personal data is processed, as

288 disclosed to the consumer, unless the controller obtains the consumer's consent.

289   (3) Establish, implement, and maintain reasonable administrative, technical, and physical data security

290 practices to protect the confidentiality, integrity, and accessibility of personal data appropriate to the volume and nature

291 of the personal data at issue.

292   (4) Not process sensitive data concerning a consumer without obtaining the consumer's consent, or, in the

293 case of the processing of sensitive data concerning a known child, without first obtaining consent from the child's

294 parent or lawful guardian and otherwise complying with § 1204C of Chapter 12C of this title.

295   (5) Not process personal data in violation of the laws of this State and federal laws that prohibit unlawful

296 discrimination.

297   (6) Provide an effective mechanism for a consumer to revoke the consumer's consent under this section that is

298 at least as easy as the mechanism by which the consumer provided the consumer's consent and, upon revocation of

299 such consent, cease to process the data as soon as practicable, but not later than 15 days after the receipt of such

300 request.

301   (7) Not process the personal data of a consumer for purposes of targeted advertising, or sell the consumer's

302 personal data without the consumer's consent, under circumstances where a controller has actual knowledge or

303 willfully disregards that the consumer is at least thirteen years of age but younger than 18 years of age.

304   (8) Not discriminate against a consumer for exercising any of the consumer rights contained in this chapter,

305 including denying goods or services, charging different prices or rates for goods or services, or providing a different

306 level of quality of goods or services to the consumer.

307   (b) Nothing in subsection (a) of this section shall be construed to require a controller to provide a product or

308 service that requires the personal data of a consumer which the controller does not collect or maintain, or prohibit a

309 controller from offering a different price, rate, level, quality, or selection of goods or services to a consumer, including

310 offering goods or services for no fee, if the offering is in connection with a consumer's voluntary participation in a bona

311 fide loyalty, rewards, premium features, discounts, or club card program.

312   (c) A controller shall provide consumers with a reasonably accessible, clear, and meaningful privacy notice that

313 includes all of the following:

314   (1) The categories of personal data processed by the controller.

315   (2) The purpose for processing personal data.

316   (3) How consumers may exercise their consumer rights, including how a consumer may appeal a controller's

317   decision with regard to the consumer's request.

318   (4) The categories of personal data that the controller shares with third parties, if any.

319   (5) The categories of third parties with which the controller shares personal data, if any.

320   (6) An active electronic mail address or other online mechanism that the consumer may use to contact the

321   controller.

322   (d) If a controller sells personal data to third parties or processes personal data for targeted advertising, the

323   controller shall clearly and conspicuously disclose such processing, as well as the manner in which a consumer may

324   exercise the right to opt out of such processing.

325   (e)(1) A controller shall establish, and shall describe in the privacy notice required by subsection (c) of this

326   section, one or more secure and reliable means for consumers to submit a request to exercise their consumer rights pursuant

327   to this chapter. Such means shall take into account the ways in which consumers normally interact with the controller, the

328   need for secure and reliable communication of such requests, and the ability of the controller to verify the identity of the

329   consumer making the request. A controller shall not require a consumer to create a new account in order to exercise

330   consumer rights, but may require a consumer to use an existing account. Any such means shall include all of the following:

331   a.1. Providing a clear and conspicuous link on the controller's Internet web site to an Internet web page

332   that enables a consumer, or an agent of the consumer, to opt out of the targeted advertising or the sale of the

333   consumer's personal data.

334   2. Not later than [one year following the effective date of this Act], allowing a consumer to opt out of

335   any processing of the consumer's personal data for the purposes of targeted advertising, or any sale of such

336   personal data, through an opt-out preference signal sent, with such consumer's consent, by a platform,

337   technology, or mechanism to the controller indicating such consumer's intent to opt out of any such

338   processing or sale. Such platform, technology, or mechanism shall do all of the following:

339   A. Not unfairly disadvantage another controller.

340   B. Not make use of a default setting, but, rather, require the consumer to make an affirmative,

341   freely given, and unambiguous choice to opt out of any processing of such consumer's personal data

342   pursuant to this chapter.

343   C. Be consumer-friendly and easy to use by the average consumer.

344   D. Be as consistent as possible with any other similar platform, technology, or mechanism

345   required by any federal or state law or regulation.

346   E. Enable the controller to reasonably determine whether the consumer is a resident of the State

347   and whether the consumer has made a legitimate request to opt out of any sale of such consumer's

348   personal data or targeted advertising.

349   b. If a consumer's decision to opt out of any processing of the consumer's personal data for the purposes

350   of targeted advertising, or any sale of such personal data, through an opt-out preference signal sent in accordance

351   with the provisions of paragraph (1)a. of this subsection conflicts with the consumer's existing controller-specific

352   privacy setting or voluntary participation in a controller's bona fide loyalty, rewards, premium features, discounts

353   or club card program, the controller shall comply with such consumer's opt-out preference signal but may notify

354   such consumer of such conflict and provide to such consumer the choice to confirm such controller-specific

355   privacy setting or participation in such program.

356   (2) If a controller responds to consumer opt-out requests received pursuant to paragraph (1)a. of this

357   subsection by informing the consumer of a charge for the use of any product or service, the controller shall present the

358   terms of any financial incentive offered pursuant to paragraph (1)b. of this subsection for the retention, use, sale, or

359   sharing of the consumer's personal data.

360   § 12D-107. Duties of processors.

361   (a) A processor shall adhere to the instructions of a controller and shall assist the controller in meeting the

362   controller's obligations under this chapter. Such assistance must include all of the following:

363   (1) Taking into account the nature of processing and the information available to the processor, by appropriate

364   technical and organizational measures, insofar as is reasonably practicable, to fulfill the controller's obligation to

365   respond to consumer rights requests.

366   (2) Taking into account the nature of processing and the information available to the processor, by assisting

367   the controller in meeting the controller's obligations in relation to the security of processing the personal data and in

368   relation to the notification of a breach of security, as defined in § 12B-101(1) of Chapter 12B of this title, of the system

369   of the processor, in order to meet the controller's obligations.

370   (3) Providing necessary information to enable the controller to conduct and document data protection

371   assessments.

372   (b) A contract between a controller and a processor must govern the processor's data processing procedures with

373   respect to processing performed on behalf of the controller. The contract must be binding and clearly set forth instructions

374 for processing data, the nature and purpose of processing, the type of data subject to processing, the duration of processing

375 and the rights and obligations of both parties. The contract must also require that the processor to do all of the following:

376   (1) Ensure that each person processing personal data is subject to a duty of confidentiality with respect to the

377   data.

378   (2) At the controller's direction, delete or return all personal data to the controller as requested at the end of

379   the provision of services, unless retention of the personal data is required by law.

380   (3) Upon the reasonable request of the controller, make available to the controller all information in its

381   possession necessary to demonstrate the processor's compliance with the obligations in this chapter.

382   (4) After providing the controller an opportunity to object, engage any subcontractor pursuant to a written

383   contract that requires the subcontractor to meet the obligations of the processor with respect to the personal data.

384   (5) Allow, and cooperate with, reasonable assessments by the controller or the controller's designated

385   assessor, or the processor may arrange for a qualified and independent assessor to conduct an assessment of the

386   processor's policies and technical and organizational measures in support of the obligations under this chapter, using

387   an appropriate and accepted control standard or framework and assessment procedure for such assessments. The

388   processor shall provide a report of such assessment to the controller upon request.

389   (c) Nothing in this section may be construed to relieve a controller or processor from the liabilities imposed on the

390 controller or processor by virtue of such controller's or processor's role in the processing relationship, as described in this

391 chapter.

392   (d) Determining whether a person is acting as a controller or processor with respect to a specific processing of data

393 is a fact-based determination that depends upon the context in which personal data is to be processed. A person who is not

394 limited in such person's processing of personal data pursuant to a controller's instructions, or who fails to adhere to such

395 instructions, is a controller and not a processor with respect to a specific processing of data. A processor that continues to

396 adhere to a controller's instructions with respect to a specific processing of personal data remains a processor. If a processor

397 begins, alone or jointly with others, determining the purposes and means of the processing of personal data, the processor is

398 a controller with respect to such processing and may be subject to an enforcement action under this chapter.

399   § 12D-108. Data protection assessments.

400   (a) A controller that controls or processes the data of not less than 100,000 consumers, excluding data controlled

401 or processed solely for the purpose of completing a payment transaction, shall conduct and document, on a regular basis, a

402 data protection assessment for each of the controller's processing activities that presents a heightened risk of harm to a

403   consumer. For the purposes of this section, processing that presents a heightened risk of harm to a consumer includes any of

404   the following:

405   (1) The processing of personal data for the purposes of targeted advertising.

406   (2) The sale of personal data.

407   (3) The processing of personal data for the purposes of profiling, where such profiling presents a reasonably

408   foreseeable risk of any of the following:

409   a. Unfair or deceptive treatment of, or unlawful disparate impact on, consumers.

410   b. Financial, physical, or reputational injury to consumers.

411   c. A physical or other intrusion upon the solitude or seclusion, or the private affairs or concerns, of

412   consumers, where such intrusion would be offensive to a reasonable person.

413   d. Other substantial injury to consumers.

414   (4) The processing of sensitive data.

415   (b) Data protection assessments conducted pursuant to subsection (a) of this section shall identify and weigh the

416   benefits that may flow, directly and indirectly, from the processing to the controller, the consumer, other stakeholders and

417   the public against the potential risks to the rights of the consumer associated with such processing, as mitigated by

418   safeguards that can be employed by the controller to reduce such risks. The controller shall factor into any such data

419   protection assessment the use of de-identified data and the reasonable expectations of consumers, as well as the context of

420   the processing and the relationship between the controller and the consumer whose personal data will be processed.

421   (c) The Attorney General may require that a controller disclose any data protection assessment that is relevant to

422   an investigation conducted by the Attorney General, and the controller shall make the data protection assessment available

423   to the Attorney General. The Attorney General may evaluate the data protection assessment for compliance with the

424   responsibilities set forth in this chapter. Data protection assessments must be treated as confidential and are not public

425   records within the meaning of § 10002(o) of Chapter 100 of Title 29. Notwithstanding the foregoing, a controller's data

426   protection assessment may be used in an action to enforce this chapter. To the extent any information contained in a data

427   protection assessment disclosed to the Attorney General includes and conspicuously identifies information subject to

428   attorney-client privilege or work product protection, such disclosure by itself does not constitute a waiver of such privilege

429   or protection.

430   (d) A single data protection assessment may address a comparable set of processing operations that include similar

431   activities.

432   (e) If a controller conducts a data protection assessment for the purpose of complying with another applicable law

433 or regulation, the data protection assessment shall be deemed to satisfy the requirements established in this section if such

434 data protection assessment is reasonably similar in scope and effect to the data protection assessment that would otherwise

435 be conducted pursuant to this section.

436   (f) Data protection assessment requirements shall apply to processing activities created or generated on or after

437 [six months following the effective date of this chapter] and are not retroactive.

438   § 12D-109. De-identified data.

439   (a) Nothing in this chapter shall be construed to require a controller or processor to re-identify de-identified data or

440 pseudonymous data, or to maintain data in identifiable form, or collect, obtain, retain, or access any data or technology, in

441 order to be capable of associating an authenticated consumer request with personal data.

442   (b) Nothing in this chapter shall be construed to require a controller or processor to comply with an authenticated

443 consumer rights request if all of the following apply:

444   (1) The controller is not reasonably capable of associating the request with the personal data or it would be

445 unreasonably burdensome for the controller to associate the request with the personal data.

446   (2) The controller does not use the personal data to recognize or respond to the specific consumer who is the

447 subject of the personal data, or associate the personal data with other personal data about the same specific consumer.

448   (3) The controller does not sell the personal data to any third party or otherwise voluntarily disclose the

449 personal data to any third party other than a processor, except as otherwise permitted in this section.

450   (c) The rights afforded under paragraphs (1) to (4), inclusive, of subsection (a) of § 12D-104 of this chapter do not

451 apply to pseudonymous data in cases where the controller is able to demonstrate that any information necessary to identify

452 the consumer is kept separately and is subject to effective technical and organizational controls that prevent the controller

453 from accessing such information.

454   (d) A controller that discloses pseudonymous data or de-identified data shall exercise reasonable oversight to

455 monitor compliance with any contractual commitments to which the pseudonymous data or de-identified data is subject and

456 shall take appropriate steps to address any breaches of those contractual commitments. The determination of the

457 reasonableness of such oversight and the appropriateness of contractual enforcement must take into account whether the

458 disclosed data includes data that would be sensitive data if it were re-identified.

459   § 12D-110. Exclusions.

460   (a) Nothing in this chapter shall be construed to restrict a controller's or processor's ability to do any of the

461 following:

HD : NSW : MAW
2141520118

Released: 05/12/2023 11:48 AM

462   (1) Comply with federal, state, or local laws, rules, or regulations.

463   (2) Comply with a civil, criminal, or regulatory inquiry, investigation, subpoena, or summons by federal, state,

464   local, or other governmental authorities.

465   (3) Cooperate with law enforcement agencies concerning conduct or activity that the controller or processor

466   reasonably and in good faith believes may violate federal, state, or local laws, rules, or regulations.

467   (4) Investigate, establish, exercise, prepare for, or defend legal claims.

468   (5) Provide a product or service specifically requested by a consumer.

469   (6) Perform under a contract to which a consumer is a party, including fulfilling the terms of a written

470   warranty.

471   (7) Take steps at the request of a consumer prior to entering into a contract.

472   (8) Take immediate steps to protect an interest that is essential for the life or physical safety of the consumer

473   or another individual, and where the processing cannot be manifestly based on another legal basis.

474   (9) Prevent, detect, protect against, or respond to security incidents, identity theft, fraud, harassment,

475   malicious or deceptive activities, or any illegal activity, preserve the integrity or security of systems, or investigate,

476   report or prosecute those responsible for any such activity.

477   (10) Engage in public or peer-reviewed scientific research in the public interest that adheres to all other

478   applicable ethics and privacy laws and is approved, monitored, and governed by an institutional review board that

479   determines whether the deletion of the information is likely to provide substantial benefits that do not exclusively

480   accrue to the controller, the expected benefits of the research outweigh the privacy risks, and whether the controller has

481   implemented reasonable safeguards to mitigate privacy risks associated with research, including any risks associated

482   with re-identification.

483   (11) Assist another controller, processor, or third party with any of the activities under this subsection.

484   (b) The obligations imposed on controllers or processors under this chapter, other than those imposed by § 12D-

485   109 of this chapter, do not restrict a controller's or processor's ability to collect data directly from consumers, or use or

486   retain such data, for internal use only, to do any of the following:

487   (1) Conduct internal research to develop, improve or repair products, services or technology.

488   (2) Effectuate a product recall.

489   (3) Identify and repair technical errors that impair existing or intended functionality.

490   (4) Perform internal operations that are reasonably aligned with the expectations of the consumer or

491   reasonably anticipated based on the consumer's existing relationship with the controller, or are otherwise compatible

Released: 05/12/2023 11:48 AM

492   with processing data in furtherance of the provision of a product or service specifically requested by a consumer or the

493   performance of a contract to which the consumer is a party.

494   (c) The obligations imposed on controllers or processors under this chapter shall not apply where compliance by

495   the controller or processor with said sections would violate an evidentiary privilege under the laws of this State. Nothing in

496   this chapter shall be construed to prevent a controller or processor from providing personal data concerning a consumer to a

497   person covered by an evidentiary privilege under the laws of this State as part of a privileged communication.

498   (d) A controller or processor that discloses personal data to a processor or third-party controller in compliance with

499   this chapter shall not be deemed to have violated said sections if the processor or third-party controller that receives and

500   processes such personal data violates said sections, provided that (i) at the time the disclosing controller or processor

501   disclosed such personal data, the disclosing controller or processor did not have actual knowledge that the receiving

502   processor or third-party controller had violated or would violate said sections and (ii) the disclosing controller or processor

503   was, and remained, in compliance with its obligations as the discloser of such data hereunder. A third-party controller or

504   processor receiving personal data from a controller or processor in compliance with this chapter is likewise not in violation

505   of said sections for the independent misconduct of the controller or processor from which such third-party controller or

506   processor receives such personal data.

507   (e) Nothing in this chapter may be construed to do any of the following:

508   (1) Impose any obligation on a controller or processor that adversely affects the rights of any person to

509   freedom of speech or freedom of the press guaranteed in the First Amendment to the United States Constitution or § 5

510   of Article I of the Delaware Constitution of 1897.

511   (2) Apply to any person's processing of personal data in the course of such person's purely personal or

512   household activities.

513   (f) Personal data processed pursuant to this section may be processed to the extent that such processing is

514   reasonably necessary and proportionate to the purposes listed in this section, and is adequate, relevant, and limited to what

515   is necessary in relation to the specific purposes listed in this section. Personal data collected, used, or retained pursuant to

516   subsection (b) of this section shall, where applicable, take into account the nature and purpose or purposes of such

517   collection, use, or retention. Such data shall be subject to reasonable administrative, technical, and physical measures to

518   protect the confidentiality, integrity, and accessibility of the personal data and to reduce reasonably foreseeable risks of

519   harm to consumers relating to such collection, use, or retention of personal data.

520   (g) If a controller processes personal data pursuant to an exemption in this section, the controller bears the burden

521   of demonstrating that such processing qualifies for the exemption and complies with the requirements in subsection (f) of

522   this section.

523   (h) Processing personal data for the purposes expressly identified in this section shall not solely make a legal entity

524   a controller with respect to such processing.

525   § 12D-111. Enforcement.

526   (a) The Department of Justice has enforcement authority over this chapter and may investigate and prosecute

527   violations of this chapter in accordance with the provisions of Subchapter II of Chapter 25 of Title 29.

528   (b) The Department of Justice may, prior to initiating any action for a violation of any provision of this chapter,

529   issue a notice of violation to the controller or processor if the Department of Justice determines that a cure is possible. If the

530   Department of Justice issues a notice of violation, the controller shall have at least 60 days to cure the violation after receipt

531   of the notice. If the controller fails to cure such violation within such time period, the Department of Justice may bring an

532   enforcement proceeding pursuant to subsection (a) of this section. In determining whether to grant a controller or processor

533   an opportunity to cure an alleged violation, the Department of Justice may consider all of the following:

534   (1) The number of violations.

535   (2) The size and complexity of the controller or processor.

536   (3) The nature and extent of the controller's or processor's processing activities.

537   (4) The substantial likelihood of injury to the public.

538   (5) The safety of persons or property.

539   (6) Whether such alleged violation was likely caused by human or technical error.

540   (7) The extent to which the controller or processor has violated this or similar laws in the past.

541   (c) Nothing in this chapter shall be construed as providing the basis for, or be subject to, a private right of action

542   for violations of said sections or any other law.

543   (d) A violation of this chapter shall be deemed an unlawful practice under § 2513 of Chapter 25 of this title and a

544   violation of Subchapter II of Chapter 25 of this title, and shall be enforced solely by the Department of Justice.

545   Section 2. Beginning at least 6 months prior to the effective date of this Act, the Department of Justice shall

546   engage in public outreach to educate consumers and the business community about the Act.

547   Section 3. If this Act is enacted before or on January 1, 2024, this Act takes effect on January 1, 2025. If this Act is

548   enacted after January 1, 2024, this Act takes effect on January 1, 2026.

549   Section 4. If any provision of this Act or the application thereof to any person or circumstances is held invalid, the

550   invalidity does not affect any other provision or application of the Act which can be given effect without the invalid

551   provision or application; and, to that end, the provisions of this Act are declared to be severable.

<u>SYNOPSIS</u>

This bill creates the Delaware Personal Data Privacy Act. The Act delineates a consumer's personal data rights and provides that residents of this State will have the right to know what information is being collected about them, see the information, correct any inaccuracies, or request deletion of their personal data that is being maintained by entities or people.

This Act is modeled after existing frameworks for data privacy in other jurisdictions. This Act will apply to entities that conduct business in the State of Delaware who controlled or processed the personal data of not less than 35,000 consumers or controlled or processed the personal data of not less than 10,000 consumers and derived more than 20 percent of their gross revenue from the sale of personal data.

This Act requires Delaware Department of Justice to engage in public outreach to educate consumers and the business community about the Act beginning at least 6 months prior to the effective date of the Act.
