(b) The Interstate Commission may, by majority vote of the Commissioners, initiate legal action in the United States Court for the District of Columbia, or, at the discretion of the Interstate Commission, in the federal district where the Interstate Commission has its principal offices, to enforce compliance with the provisions of the Compact, and its promulgated rules and bylaws, against a member state in default. (d) Termination of membership in the Compact shall be imposed only after all other means of securing compliance

have been exhausted. Notice of intent to terminate shall be given by the Interstate Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

(c) The governors of non-member states, or their designees, shall be invited to participate in the activities of the Interstate Commission on a non-voting basis prior to adoption of the Compact by all states.

(d) The Interstate Commission may propose amendments to the Compact for enactment by the member states. No amendment shall become effective and binding upon the Interstate Commission and the member states until it is enacted into law by unanimous consent of the member states.

§1721A. Withdrawal.

(a) Once effective, the Compact shall continue in force and remain binding upon every member state, provided

that a member state may withdraw from the Compact by specifically repealing the statute which enacted the Compact into law.

(b) Withdrawal from the Compact shall be by the enactment of a statute repealing the same, but shall not take effect until one (1) year after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other member state.

(c) The withdrawing state shall immediately notify the chairperson of the Interstate Commission in writing upon the introduction of legislation repealing the Compact in the withdrawing state.

(d) The Interstate Commission shall notify the other member states of the withdrawing state's intent to withdraw within 60 days of its receipt of notice provided under subsection (c).

(e) The withdrawing state is responsible for all dues, obligations and liabilities incurred through the effective date of withdrawal, including obligations, the performance of which extend beyond the effective date of withdrawal.

(f) Reinstatement following withdrawal of a member state shall occur upon the withdrawing state reenacting the Compact or upon such later date as determined by the Interstate Commission.

(g) The Interstate Commission is authorized to develop rules to address the impact of the withdrawal of a member state on licenses granted in other member states to physicians who designated the withdrawing member state as the state of principal license.

§1722A. Dissolution.

(a) The Compact shall dissolve effective upon the date of the withdrawal or default of the member state which reduces the membership of the Compact to 1 member state.

(b) Upon the dissolution of the Compact, the Compact becomes void and has no further effect. The business and affairs of the Interstate Commission shall be concluded, and surplus funds shall be distributed in accordance with the bylaws.

§1723A. Severability and Construction.

(a) The provisions of the Compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the Compact shall be enforceable.

(b) The provisions of the Compact shall be liberally construed to effectuate its purposes.

(c) Nothing in the Compact shall be construed to prohibit the applicability of other interstate compacts to which the member states are members.

§ 1724A. Binding effect of Compact and other laws.

(a) Nothing in this chapter prevents the enforcement of any other law of a member state that is not inconsistent

with the Compact.

(b) All laws in a member state in conflict with the Compact are superseded to the extent of the conflict. All lawful actions of the Interstate Commission, including all rules and bylaws promulgated by the Commission, are binding upon the member states.

(c) All agreements between the Interstate Commission and the member states are binding in accordance with their terms.

(d) In the event any provision of the Compact exceeds the constitutional limits imposed on the legislature of any member state, such provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state.
